

TIMES TALK

Wednesday, October 12 at 1 pm

ALL ARE WELCOME to our “Times Talk” for Wednesday, October 12 at 1 pm in the lobby of the Lawrence W. Tyree Library

What are Times Talks?

Times Talks are open conversations about important and controversial issues in the news, and are part of Santa Fe’s efforts to promote greater civic engagement on campus. They are an opportunity for students, faculty members, and other members of the college community to sit as equals and exchange views on important issues in a casual, informal, and civil environment. Times Talks are moderated each time by a volunteer faculty or student facilitator. These events provide a wonderful opportunity to participate in the sort of vigorous and engaging discussion of important issues that is needed in a democracy.

Topic

Sexism & Rape Culture in American Society

These articles will provide you with background for our discussion:
